

BLACKBURN GLOBAL LLC

MOBILE OR FIXED VISUALLY AWARE COMMUNICATION SYSTEMS

MOBILE COMMUNICATION PLATFORM

- A complete pull it to the emergency site with less than a 20-minute set up time until active.
- Powered by a host of Redundant and automatically fail over systems:
 - Plug in local power, Solar, Generator, Fuel Cell, with Battery Back-up.
- Offering Capabilities of:
 - Military Grade Active shooter systems.
 - Camera systems with Facial Recognition.
 - Data back haul of: Cellular, Private Cellular, Satellite, WiMax, and Others.
 - Full GPS or RFID Tracking of personal in the Area
 - Full complement of Available Sensors for Hazardous Gasses and Biological or Radioactive substances.

ACTIVE SHOOTER DASHBOARD

- Interfaced with the Camera Systems for situational awareness.
- Powered by a host of Redundant and automatically fail over systems:
 - Plug in local power, Solar, Generator, Fuel Cell, with Battery Back-up.
- Offering Capabilities of:
 - Knowing where the shots came from in real time
 - Camera systems lock on and follow the threat.
 - Allows Planning of evacuation paths.
 - Allows Police to know where threat is.
 - Full complement of Available Sensors far Heat sensing to see hiding threats.

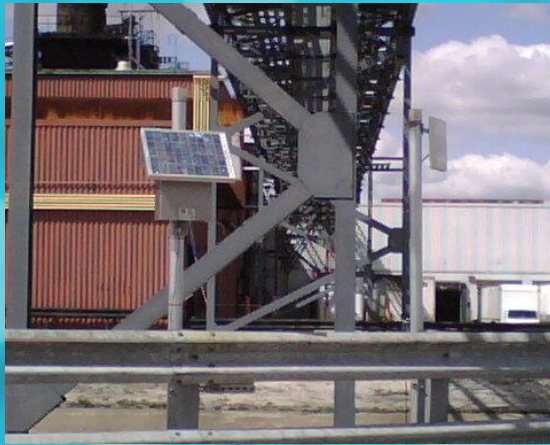

ONE INTERFACE TO MANAGE ALL INFORMATION

- No Multiple Systems to Monitor all information is collected in one Graphical interface.
- Automated alerts by multiple formats, no need to have 24 X 7 Monitoring.
 - Plug in local power, Solar, Generator, Fuel Cell, with Battery Back-up.
- Offering Full Capabilities For:
 - Schools.
 - Emergency Response Team.
 - Police.
 - Homeland Security.
 - Parking Lot Monitoring and Security.
 - Fire departments.
 - Disaster Response.
 - Border Security.
 - Search and Rescue.

SYSTEMS AVAILABLE FOR MOBILE AS DESCRIBED OR FIXED PERMENT SYSTEMS.

- No With Solar Power and wireless data backhaul there is no need to run Expensive power and Network runs.
- Automated alerts by multiple formats, no need to have 24 X 7 Monitoring.
 - Plug in local power, Solar, Generator, Fuel Cell, with Battery Back-up.
- Offering Full Capabilities For:
 - Monitoring and Controlling Gates.
 - Lot Monitoring and Real-Time Inventory counts.
 - Rental Check In and Check Out.
 - Souls on-site for emergency situations.
 - Theft alerts and Security.
 - No more Lost Inventory, Know where across Multiple Lots.
 - Reduce Retrieval time.
 - Personnel Check In and Out.
 - And Many more uses.
